Welcome

to our American Science & Surplus catalog. Here you will find a unique mix of industrial, military and educational items, with an emphasis on science and education. We supply a wide range of unusual and hard-to-find items (some say bizarre stuff) to the hobbyist, tinkerer, artist, experimenter, home educator, do-it-yourselfer, and bargain hunter. Our items are great gifts, inexpensive supplies, and an endless reason for a giggle or a "Gee whiz!" We try to be scrupulously honest in presenting whatever we know about what we have, and always take it back, no questions asked, if the customer isn't satisfied with it. Please remember that we offer many more items than will fit on these pages. You can both peruse and purchase every item we have at our website: www.sci-plus.com. Thank you for taking the time to browse our catalog. We appreciate your business.

Frequently Asked Questions

What is surplus?

We buy closeouts, inventory overruns, mis-manufactures, and items whose time has not come. We can usually acquire these items on a one-time-only basis. When a surplus item is gone, it is gone. So if you see something you love, best get it now since we may not have it tomorrow. Our website is frequently updated with our inventory. If you see an item in our catalog, but cannot find it online, it means we have sold out of that item. If our stock of the item you have ordered is exhausted we will refund that portion of your remittance. When we can't find surplus, we may carry regular merchandise which we think those interested in learning and tinkering will find appealing, but only if we feel it is good quality at a fair price.

Can I return items?

Yes. We accept all returns without question and will either refund your purchase price or send you a replacement, as you chose. Returns must be made within 30 days of purchase. For complete details, please check the order form bound in the center of this catalog.

What forms of payment do you accept?

We accept Visa, MasterCard, Discover, American Express, checks and money orders. We are sorry to report that we cannot accept CODs, cash, stamps or gold. **If paying by check, please be aware that you are authorizing American Science & Surplus to use the information on your check to make a one-time electronic debit to your checking account. This electronic debit will be for the amount indicated on your check. If you do not have sufficient funds in your account, a returned check fee may be debited from your account. If you have any questions, or choose not to have your check converted into an electronic item, please contact American Science & Surplus at (888) 724-7587.**

Do you have a minimum order requirement?

We regret that the costs of doing business preclude us from processing orders of less than \$10.00 merchandise value (exclusive of shipping and handling). We will return orders of less than \$10.00 merchandise value.

Additional information can be found on the order form bound in the middle of this catalog.

Power Locks

We thought power corrupts, but it turns out otherwise. Power locks. You could put these in a car door, or think up something really kinetically clever. These brand new 12VDC door lock actuator assemblies draw 2.6A pushing or pulling with a 5/8" throw. Measure 4-5/8" long x 2-1/4" at the solenoid x 1-3/16" thick. Top is a removable plastic ring. Comes with 6-3/4" x 5/8" steel mounting bracket, a 9" rod and assorted screws.

Name Tag Coasters

Drinkgrabs. Beerbandits. Whatever you're imbibing, they've stolen your old fashioned for the last time. These dry-erase acrylic coasters let you identify your cocktail in a room full of negroninappers. Measure approx 4" square x 3/16" thick. You pick the Voice Bubble or Name Tag version, and we'll pick a pair for you in a fetching color combo. Our each is (2) coasters. They'll come with a little dry-erase marker that will probably be dried out, but if you shop here you've already got markers.

Rub your pooch or Persian the right way with this pet-grooming set. Like a critter spa in a pouch, it includes a pair of 8-3/4" double-headed toothbrushes, a 5-1/2" curved file for four-foot pedicures, a pair of 6" clippers with an adjustable guide, a double-sided (bristles/tines) fur brush, and an ambidextrous rubber glove with brushing spikes and a wrist strap. We're On The Level

We're especially high on this 5mW red laser level with a prism to throw a line around the room. Measures 4" x 2-3/8" x 1-5/8" in a housing with dual bubble levels, pushpins and gum to mount it temporarily. If Bonanno Pisano had had one, that tower in Pisa might not lean at all, but, sadly, Alessandro Volta didn't get around to inventing batteries for another 600 years. Speaking of which, you'll need to add a pair of "AAA"s to make that red line happen.

The Well Rounded Baby

This comfy, memory-foam pillow from Afiit measures 9" x 9" x 1-1/8" in a heart shape with a 2-1/4 x 1-1/8" hole near the point to nestle the back of a baby's head, support the neck and thus, the mfr claims, preventing flat head syndrome, aka plagiocephaly. Soft bamboo fabric covering. Marked "suitable from birth to 4-6 months" with the admonition "NEVER LEAVE BABY UNATTENDED."

Brush Like A Panda

You'll feel as cute as a giant panda when you brush your teeth with these bamboo toothbrushes. Soft bristle, biodegradable and BPA-free, because what does bamboo know from diphenylmethane compounds? Our each is set of (3) 7-1/2" long brushes and a cylindrical bamboo travel case with little vent holes so your brush will dry out.

48267 Bamboo Toothbrushes \$7.50/each

No Holes Bored

It's the Forever Belt of late night fame, the no-holes ratcheting cinch for your expanding waist. Features a 32-position gear rack on the underside in 1/4" increments in lieu of holes. In 1-1/8" wide black leatherette, it can be cut to length, and will fit waists from 22" to 44".

96838 No-Holes Forever Belt \$9.50/each

Linus Is Retired

The little tyke appeared in 1952, a worried two-year-old looking for a little comfort in a cold world. With Lucy as a big sister, it's hard to blame him. The math never lies--Linus turned 70 this year, and he had to trade in his blue security blanket for a blue and white Social Security Card Blanket. Looks just like the card in your wallet (which you shouldn't carry in your wallet), and measures 68" x 34" in soft, comforting poly fleece. Even has your name on it: John Q. Public. All you add is a thumb.

48303 Social Security Blanket \$12.50/each

Has three settings and a 5-hour run time. Measures 4" tall x 3" dia in white, and comes with a cotton filter and a spare.

Put'em Where I Can See'em

This isn't the Old West but you can still look stylish in these soft, thin, stretchy very comfortable, washable black face masks. One size fits most. For best results, hand wash and air dry. Manufacturer says they are 95% polyester and 5% Spandex™. We like to think they make a great fashion accessory; perfect for any occasion, but are especially helpful if you get invited to secretive opulent High Society functions.

48002 Reusable Facemask \$4.44/each

Free-Range Soap!

OK, maybe it's not cage-free, but this bar soap is handmade on an Amish farm in Springfield, Missouri, using Abraham Graeber's family recipe, which contains "no cancer-causing chemicals," according to the package. Because this soap is made by people and not machines, it's good for the earth, too. Our each is (5) giant 5-ounce bars, approx 3-1/2" x 2-3/4" x 1-1/4". (For you youngsters out there, bars of soap are what humans used to use to get clean before there were liquid soap dispensers.)

96774 Amish Bar Soap \$8.75/each

Perfect for collectors who are sick of kittens and puppies, or for the lunchroom at the shop, this pair of salt and pepper shakers includes a nice fat bolt (pepper) and a stack of (3) big nuts (salt). In silver-coated ceramic with rubber stoppers. Both are approx 1-7/8" tall.

45924 Hardware S&P Shakers \$5.95/each

Got Soggy Sweaters?

Once upon a time, Billy threw his favorite sweater in the dryer and now it's a perfect fit for his troll doll. He could have just hung it out to dry, but then it would have come down to his knees. Be smarter than Billy and save your sweaters with this microfiber sweater-drying towel. Measures 34" x 22" with a textured waffle pattern that wicks away wetness when you roll a wet garment up in it. Material is 100% polyester and machine washable. Air dry.

48306 Sweater-Drying Towel \$7.75/each

Big, Beautiful & Perfectly Safe

These big steel safety pins come in such terrific colors that they're practically jewelry in their own right. They're 4" long in assorted colors, including gold, black and metallic pink, blue and green. Perfect for closing buttonless sweaters and tops or securing scarves in fashionable configurations. You'll get (5) of these big, pretty pins in assorted colors.

94251 Big Pretty Pins \$5.50/pkg(5)

That Clean, Bamboo Scent

Time to bring some bamboo into your life. We've all suffered suspicious odors in our homes, shoes, luggage and cars, but the stink stops here. Our Bamboo Charcoal Air Purifying Bags eliminate odors while purifying the air, and they're reusable. We'll send you (4) bags at 6" x 5" and (2) at 7" x 3". They're gray and stylish, plus "S"-shaped hooks for hanging them. Reusable, non-toxic, eco-friendly and fragrance-free. These are, by far, the freshest bags we sell.

It's so much easier if the shoelaces stretch, not your back. Our each is a pack of (3) in yellow, orange and red, 22" long. They're a boon for kiddies and old folks alike, and they're washable if you spill on them.

Loops For Nails

Get a grip on your nail clip. These 3" long nail clippers have finger and thumb loops built into the arms. Called EZ-Grip, they're much easier for anyone to hang onto, period—but they're also extra-good for anyone with arthritic hands or other grip issues. When you're done clipping, they fold back down for storage, just like standard clippers do.

48547 EZ Grip Clippers \$2.95/each

The Butt Bucket

For when you just can't drag yours around anymore? No, for out-of-sight cigarette butt and ash disposal. This mini-bucket, sans handle, is a 3-1/4" dia x 3-7/8" tall black-composition ashtray that can sit on a desk or table, or fit neatly into a car's cup holder. Its removable lid has (3) slots to hold lit cigarettes and a small, cigarette-diameter hole so the butts slide out of sight and go out for lack of oxygen. Cuts down ambient dead-butt odors, too.

93044 Butt Bucket Ashtray \$1.95/each

Masseur On A Stick

The rubber bumps on the end of this rolling massager are in rows that rotate independently to rub you the right way. The (6) rubber bumps are in (7) 1-1/4" dia rows on a three-draw telescoping handle that extends from 13" to 23" long, so you can reach the soles of your feet or massage your cat. (Some cats like it, some don't, so a little distance might be good.) Juanita uses hers for physical therapy.

96788 Telescoping Masseur \$2.80/each

Yo, Twinklefingers

Can't make it to the nail salon? Make your fingers (and toes, too, if you can reach them) twinkle with this compact 6-piece stainless steel manicure set. Includes your basic nail clipper, angled cuticle edge clipper, plus a 3-1/4" long curved side edge cuticle scissors and, in the same size, a cuticle pusher, tweezers and a nail file. All in an imitation faux snakeskin, snap shut, padded hardcover case. Our choice of color because Jarvis knows best.

47967 Reptilian Manicure Set \$4.50/each

Who Needs A Gym?

Resistance bands. No, not a bunch of obstreperous rockers, but home gyms small enough to stick in your hip pocket. These rubber stretch bands are 6-1/4" wide and will stretch to (9) feet. Good for full-body strength training, yoga or Pilates, or just a little light body stretching. In the resistance-band universe, these would be medium strength. We'll send you (1) in red or blue depending on what's on top of the pile. Your muscles won't care—they'll thank you.

48172 Resistance Band \$3.95/each

NEW!

Does Your Pillow Remember You?

This one does. Nap away the flight, car ride or afternoon with this U-shaped memory-foam neck pillow cossetting your head. The soft white knit cover has a skinny zipper so you can remove and launder it. Cover is 85% polyester and 15% rayon, made from bamboo and no, we don't know how either. We do know that bamboo is the new soybeans, though. Inside is gooshy foam that remembers. Go take a nap.

48557 Mem. Foam Neck Pillow \$6.50/each

Copper Is The New Kale

In flexible copper, 6-5/8" x 7/16" x 1/16" with 3/16" dia magnets on the ends, this bracelet is flexible enough to fit all wrists. Might be good for you, might just look good. Front of the package says the combo has been believed to relieve arthritis and rheumatism since Roman times but the back says it's definitely not a medical device. F. Scott Fitzgerald said "The test of a first-rate intelligence is the ability to hold two opposed ideas in the mind at the same time." He probably would have bought some of these bracelets.

96854 Copper Bracelet \$9.75/each

Got A Hungover Zebra?

Give the poor beast an ice pack, just like in the movies, but in a zippy zebra print. We miss ice packs, frankly, and so should you. These are the classic design. Medium sized 9" bags have 1-7/8" ID mouths with gasketed screw caps, so they should also work with hot water.

46898 10" Zebra Ice Pack \$3.75/each
Special Price! \$1.95/each

Got Soggy Sofa Cushions?

Spilled another soda on the couch, did you? Or was it beer this time? We know. And we feel your wet pants. Although sometimes you just spill on the carpet, right? You need the Sofa Saver, bunky. It's a can, bottle and mug holder that has weighted silicone wings to keep it safely on the arm of your chair or couch, even when you're squirming around looking for the remote. The holder is 2-3/4" dia with the insert inserted, or 3-1/2" dia without it. Measures 16-1/2" wide from wing-tip to wing-tip. Better get a few—you have lots of places to sit, and you're not the only clumsy one in the house.

47900 Sofa Saver Cupholder \$8.50/each

Make Like Moses Cook

That's who the Internets say invented the apple peeler in 1803, but there are a bunch of contenders, so never mind. Just get this hand-cranked stainless steel peeler and corer and start cranking. This one has a chromed threaded shaft, a three-pronged spike, and is spring-loaded, so it adjusts to fit your apples. Mounts on a 4" dia suction base so it's just dandy for today's granite counter tops. Measures approx 12" long, and frankly, it doesn't care if you use it for potatoes, either. Also provides a non-digital source of amusement for children.

97115 Stainless Apple Peeler \$15.95/each

Plastic Glass

Plastic glass—our favorite contradiction in terms. But what else are you gonna call it when that's what it is, "Glass That's Plastic"? This one is clear, holds 16 oz, and has a black screw-on cap with a big red button that you slide to open a hole for the red-plastic straw (another contradiction—plastic straw!) that comes with it. Measures 7" tall, and is priced ridiculously low because of the white CapitalOne® logo on the side, but who cares?

48357 16 oz. Sippy Glass \$1.95/each

Fooooooooooooooooooooork

This is a stand 4-tine fork with a non-slip handle to prevent fork tragedies, except that if you pull the end, it extends like a antenna from 10" to over 2 feet long. Called The Moocher, it's made for stealing food from your extended family's plates. Across the table. But seriously, it's quite solid even when fully extended, so we'd roast wienies or marshmallows with it, or toast crumpets in the fireplace in our Oxford digs if we ever get a Rhodes Scholarship.

97257 Extendafork \$4.95/each

Rotten Peaches?

Not if you store them in this double produce basket with wide-open bottoms to let air circulate and prevent mushy fruit. In bright chrome, it measures 14-3/4" x 14-1/4" x 11" tall with a 10" x 9" top basket and an 11" x 11" bottom. Both baskets swing, like banana hammocks, and we know how much bananas like to swing. Kiwis and green peppers, too. Half the retail price, and no need to thank us. A tiny bit of assembly required.

48305 Wire Produce Basket \$13.50/each
Special Price! \$11.95/each

Dry Your Dishes On The Lawn

Or put a lawn on your kitchen counter, actually. This mega-clever drying rack is made of hundreds of 2" tall grass-like plastic spikes that hold items of different shapes and sizes while they dry. Dripped water collects in the 15-1/2" x 10-1/2" x 1" deep base. The faux grass is in (2) 10" x 7" parts, and it's BPA-free, naturally. Includes (2) 5" bottle cleaners, and a pair of tongs. Our AVPAD--Associate VP for Advanced Dishwashing--finds it particularly good for delicate glassware and lab equipment.

48162 Drying Rack \$14.50/each

Egg Guillotine

If you want to make an omelette, you have to break some eggs. But now you can automate the tedious process. Just stick the egg between the little rings, squeeze the handle, and the Clever Cracker breaks it and drops it into the detachable egg separator. But wait—that's not all! The package also includes the battery-operated Clever Scrambler. Put the egg in the little bowl on the Scrambler, push it down so the tiny scrambling wand is inside the egg, push the button, and the egg is scrambled from the inside, without your ever having to witness the ignominious deed. You add is a pair of "AA" batteries.

48166 Clever Cracker™ Egg Kit \$3.95/each

Put A Penguin In Your Fridge

And it'll never smell like leftover pork lo mein again. The fridge, that is. We love this 4" tall penguin in the traditional black and white outfit just for the way it looks. But pull off the black silicone top, and fill the hard plastic bottom with baking soda, and the little bugger will deodorize your ice box for no additional charge.

48100 Fridge Penguin \$3.95/each

NEW!

Gimme Some Air, Gimme Some Air

Enable chemical reactions while amazing your friends with the Devine Wine Aerator! Called the Woodpecker Pourer (because just take a look at the thing), it has multiple air intakes and sends wine swirling down into glasses with every pour, to open up aromas and flavors. Fits all bottle sizes and comes in a snazzy gift box. Plus, with your wine already swirled, you won't have to do it yourself and risk sloshing it all over the tablecloth and your boss as you expound on the wine's subtle hints of blackcurrant, pine needle, rosemary, toasted almond and mocha.

48159 Woodpecker Aerator \$6.50/each

Whisk Like A Yankee

Just like the classic Yankee drill, but for the kitchen. Has that "as seen on the television" kinda feel. You push the handle of this 10" long spring-loaded whisk and it spins clockwise on the push, and reverses when you let up on it. The 10-tine head is 2-1/8" dia at the bottom x 2-1/8" long, with a little center pin to keep the tines just off the bottom of the bowl or jar or whatever. In stainless steel.

46298 Yankee Whisk \$4.50/each

The Box Says Square

When see you a box of Round Plates marked "Square Plates," there's only one thing to do: tilt your head back and shout "Surplus!" We've got a bunch of said boxes, filled with (60) Alpha & Sigma fine china-looking round white plates with silver accent lines around both the edge and that little valley in the middle that keeps food from escaping. They're plastic but you wouldn't know it unless you picked one up. You'll get (30) at 10-1/2" dia and (30) at 7-1/2" dia. Of course they're BPA-free, but don't microwave them. Reusable even though they're marked "Single Use."

48302 60 pc Plastic Plate Set \$24.50/each
Banquet Price! \$19.50/each

Flat Mats

Let's cut to the chase here -- buy these the first time you read this, or they're going to be gone! There aren't that many of these flexible chopping mats, and the versatile 15" x 12" x 0.024" thick mats are not only ideal for small kitchens where every inch counts, they're great for any kitchen, and for cookouts, camping and picnics. Our each is a set of (2) of the translucent Euro-look mats that protect countertops from sharp knives and fresh-from-the-oven cookies, and protect food from outdoor surfaces. They can be lifted and slightly folded to funnel chopped food neatly into a pot. They're dishwasher safe, and roll up for portage or storage.

35253 Flexible Chopping Mats \$2.25/each

Cutter, Slicer, Dicer, Chopper

In the spirit of things seen on TV since there was TV, we offer this vegetable, fruit and cheese cutter, slicer, dicer, chopper. Works in one swift motion, and drops the cut-up bits into a 1-1/2-liter container with a storage lid. Includes (2) cutting inserts with a total of (4) blade types. In clear, gray and white plastic, it measures approx 11" long x 4" wide x 4-5/8" tall. But wait—there's more: also includes a little claw-like pusher thingy so klutzes don't stick their fingers in the little holes where the blades are. It's convenient and safe!

Not The Sharpest Knife In The Drawer?

Not you—we were talking to your favorite kitchen knife, or the one that used to be your favorite before it got dull, and it said yes, it's not the sharpest knife in the drawer. It's depressed, and it wants you to buy this Mozzi tungsten and ceramic 2-stage sharpener. Self-adjusting for anything from paring knives to chef's choppers, it can be used on any straight knife. A few pulls through the coarse side, and same on the fine side, and you'll be slicing like d'Artagnan through Cardinal Richelieu's guards. Too soon?

48121 Self Adjusting Sharpener \$9.50/each

Ceramic Is The New Steel

The smart cutters and choppers these days are using ceramic knives because they stay so sharp for so long, and who remembers to have their knives sharpened? Ours measure 7" long over all, with assorted colored handles, a 3" blade and a sheath. Don't go into the kitchen without one. Slice, dice, chop and mince, and forget about sharpening. Like you always do.

The Naked Dinosaur Mug

Sure, all dinosaurs were naked, but this 14-oz ceramic mug with a white exterior and green inside lets you see under their skin. Featuring pics of multiple dinos on the outside, when you pour in hot liquid, they shed their skin to show their skeletons. Probably some very simple science is involved, but it looks like magic to kids and copywriters. Measures 3-1/2" tall x 3-3/4" dia, with plenty of room for marshmallows. Dinosaurs loved marshmallows—that's why a lot of them lived in marshes.

97236 Mass Extinction Mug \$13.65/each

Shammy?

Chamois, actually, but who can spell nowadays, and this is a not from a goat anyway, although most goats would be proud to have contributed it. This faux chamois/shammy is a soft, absorbent microfiber, 28" x 16" x 1/32" thick. Machine washable, lint-free, streak-free and made in the US of A.

46586 Super Absorbent Shammy \$3.75/each

Incredible Growing Fly-Swatter

One of our all-time favorite items, back in neon colors. These surprisingly sturdy fly-swatters have plastic grip-handles, mesh heads and extendability. Measure 10-1/4" long when compressed, but pull the 4-draw handle and they extend to a fly-smacking 28". Yours will be bright yellow, lime green, fuchsia or orange, but they're all attractive, and the flies won't care.

71138 Extendable Flyswatter \$1.95/each

Ouch!

Looks like a cheap kid-sized tennis racket, but brother, this ain't for the kids. It's actually a fine way for adults to work on their upper-body strength and kill bugs at the same time. 18" long, with a 6" wide paddle lined with metal grid. A coil in the handle sends high voltage through the paddle when a button is pushed; hit a bug with it and the bug will bug you no more. But despite the manufacturer's claims that it's safe for people, Scott reports that flesh-paddle contact delivers a nasty shock, nasty enough to say "Keep this away from kids!" We've seen these in other catalogs for about twice the price, so buy it from us. Just be careful with it. (2) AA batteries, not included.

27356 Insect Terminator \$5.95/each

Unto Dust We Shall Return

This microfiber duster starts out 11" long and the telescoping 4-draw handle extends to over 2 feet, if you count the headful of 1" long wiggly dust-busting fingers on top. Hand-held Swiper

As seen it on TV! Called THEEASYWIPE, this window cleaner has a 14" long pivoting handle ending in a 5" x 3-1/2" pad with a removable and machine-washable microfiber cover. It's designed to clean glass with just water and to fit easily into that tricky space where the inside of your windshield meets the dashboard. Works for back windows, too. Even works in trucks. And houses.

Dust Like A Giant

Got dusty ceiling fans? High curtain rods? Spots that are hard to reach unless you're 7 feet tall? No problem. Take care of all of your dust once and for all with this sturdy 6-draw telescoping microfiber duster, which extends from a little under 33" all the way to an impressive 110". The business end is approx 17-1/2" x 4" dia and can be bent into whatever shape works for you. Folded down, the whole thing is only 20" long. Not flimsy at all, in case you were wondering about that. Why live with dust when you don't have to?

96853 Telescoping Duster \$12.50/each

Not A Feather Duster

Actually it's a white polyester fluff duster, but it is from the Feather Duster Corporation™ so we shouldn't argue. Plus, it's really nice and super-fluffy, and sure to dust up a storm. Measures (2) feet long--12" of duster above another 12" of plastic handle--with a ring to hang it by. Would also make a killer puppet if you added a couple googly eyes.

Teeny, Tiny & Real Bright

Think Tinkerbell after you clap. This 17-foot string of teensy yellowish-white LEDs are labeled "Soft Glow," but they seem mighty bright to us. Smaller than a grain of rice and on a bendable wire, they're powered by a USB or a pair of AA batteries (included). Like their big brother LED sets, but much more delicate. We're thinking around windows, shelves, plants, wreaths, small Christmas trees (or trees on any sort), table centerpieces, hats, or even special hairdos.

SURPRISE!

Mystery boxes of stuff like what you see in the catalog. Maybe we had a little left but not enough to continue the listing. Maybe we only got a few as part of an odd lot. Maybe we lost some, and just found them in the warehouse. You will get items which originally listed for at least \$25.00 total in our catalog (or would have, if we had enough). You pick. The "electro-mechanical" box has things like motors, switches, hardware and components that are useful parts but want to be worked into something bigger. The "consumer" box has more ready-to-go type items, and things that don't have as technical a flavor, like bottles, toys, books, and giant rubber bands. The fun is in the mystery and surprise. Perfect if you don't know what to give Aunt Maude and Uncle Ned, or if you can't decide how to bring your order up to the minimum. Every couple of months the contents will keep changing, so even if you have gotten a box before, feel free to order again!!

Drinking Bird

You're buying the drinks and this wacky, yet debonair, bird with a top hat and plastic base (7" tall OA) can't get his fill of water. Get him started, and he dips his beak into your glass repeatedly. How? Fluid inside his glass body condenses from the evaporative cooling of the water off the bird's beak, making it top heavy and dunking it back into the water. The condensate rejoins the liquid pool in the bird's bulb, and he tips up again. Process continues indefinitely. It works, but it's not any more than moderately well made, and not any more than moderately priced. **WARNING!** The fluid and dye inside the bird can permanently stain, and the bird's glass body can easily be broken. Children are fascinated by the bobbing bird, and the educational possibilities are great. But they should watch him, not fondle him!! **△WARNING:** CHOKING HAZARD-Small Parts. Not for children under 3 yrs.

Emergency underpants in a can. Says it all, doesn't it? Quite stretchable in a Tyvekish white fabric, "one pair fits most adults." They're hip-hugger, semi-bikini, translucent type drawers, so despite the smiling man wearing them and a red bow-tie on the can, some (insecure) guys might find these just a touch jeune fille-ish. "Safe, Sanitary, Secure." Says so right on the 3" x 1-1/2" x 2-3/8" flip-top metal can. Better buy (3) in case of a long weekend.

Play The Piston Flute

Or the Swanee whistle. Whatever you call it, this little slide whistle (just consider it the smallest trombone in the universe) has an outsized musical history. No elevator has ever fallen in a cartoon without its accompaniment, and no jug band is complete without one, but Louis Armstrong also played one on his Hot Five recordings, and Ravel even required one in an opera score. Love Meter

AKA hand boiler. An exotic bit of hand blown glass with a bulb at top and bottom connected by some zippy tubing that spirals, loops, and/or jogs. In the closed system is some colored liquid (methylene chloride) that is very light. Hold the lower bulb in your hand and as the liquid is warmed it pushes through the loops to the upper chamber. When all the liquid is pushed out of the lower bulb, expanding air will bubble through the tubing making it appear that the liquid is boiling. **WARNING!** The glass is fragile and the liquid is nasty. If you drop the thing on the kitchen tile, it will eat the finish off the tile and the stain in the liquid will permanently stain the floor, so don't let kids handle this item unsupervised. About 7" tall, it is a favorite in our stores.

6199 Love Meter \$4.75/each

Use this 3" glass dropper, with a rubber squeeze bulb to drop small amounts of liquid wherever you think they should go. Sundries, Bloody Sundries

Got stuff that needs a place to be? Want to keep your eye on it? Here's the perfect container—a 7" tall x 4-1/4" dia clear glass jar from Moore Medical, who call themselves The Supply Experts®.

Comes with a stainless steel lid, too, with a nice little handle for lifting it off. You know the jars in a doctor's office that are filled with cotton swabs and tongue depressors? This be them! Perfect for bathrooms, kitchens, craft rooms, workshops and garages, too, though these jars are awful pretty, we have to say.

WOW!

That's the name, actually, not that we're not excited. These WOW brand interchangeable containers are 8" tall x 4" square at the bottom. The tops are approx 6" square x 1" deep, and are made to also snap onto each other to make a 2" deep container—think sandwich size—and the bottoms will also snap together to make a 16" tall container. You'll get (5) tall containers and (5) tops. Dishwasher safe, freezer safe, and microwavable. Closures work with one side as a hinge and the other side as a snap lock. It might take a little practice, but a clever person like you won't have any trouble.

48136 WOW Storage Containers \$7.95/each

Munchkin Party Cups

Just like the big red plastic party cups but in a 2-oz size, for when you graduate from beer to cocktails, perhaps, but they also make great condiment holders, paint pots, bead buckets for craft classes and hats for lab rats. Also useful for the really, really expert version of beer pong. In packages of (20).

Measure just over 2-1/2" tall x 1-1/8" dia, so they're suitable for a lot of pills or any number other things you need to keep dry or safe. We'll pick one in black, red, gold, blue or green.

95011 Watertight Canisters \$3.95/each

Smell-Proof Case

Like a tiny version of those pelican-ish waterproof cases, this sturdy one is just 9" x 6-1/2" x approx 3" deep and is air-, water- and odor-proof. In heavy, dark, blue-green plastic with a pair of snap closures and a tiny hasp, it was made for transporting human organs, but is new and absolutely, positively never used, cross our surplus hearts. Honest. Nice size for a lunch that nobody will smell. We recommend it for liver sausage sandwiches.

Tub For Toys

Originally intended for hospital use (Think Nurse Cratchit. Think cold, wet sponge baths.), these 12" x 9-1/2" x 4-1/4" deep washbasins have rounded ends and flat lips. The #5 plastic is that wonderful institutional-yellow color. But they're indestructible, short of melting them, and they nest when not in use. Use them to store your craft supplies, the kid's action figures, the cat's squeeze toys. Or take up nursing.

91728 Washbasin 2-pack \$3.25/pkg(2)

Nice Dice

Call them the croupier's keepers of keepsakes. This pair of nesting wooden boxes are solid and handcrafted to look like white dice with black pips. Be More Vacuous

At least pack more vacuous, because vacuum packing isn't just for coffee, it's for saving storage space for anything soft and squooshy. We suggest this 6-pack of 40" x 32" large vacuum-seal storage bags, into which you can stuff pillows and blankets and sweaters and overcoats and stuffed monkeys and any number of other things, then suck out all the air with the enclosed hand pump and watch it shrink by 80% so you can slide it under your bed and forget about it for mold and moth-free years. (OK, it's not a pump, because it sucks, so call it a handy little sucker.) Also dandy for travel because the little sucker doesn't take up much space, so you can shrink your return laundry too—and keep it hermetically sealed. Works even faster with a vacuum!

47979 40" x 72" Vacuum Bags \$17.50/each

Drives Moths Mad

We sound like your mother, don't we? Well, she was right, you should hang up your coat, even when you're in your car. The Auto Coat Valet is a stainless steel hanger made so you can safely drape your jacket from it instead of putting it on the hook above the back door so it can block your vision or fall on the floor and be all wrinkled when you get wherever you're going. Will fit any headrest with bars of 1/2" dia or smaller and brackets may need a little encouragement to swivel at first. You'll never arrive wrinkled or rumpled again.

Scope Your Stethos!!

Stethos is Greek for chest. Indeed you can scope your stethos with this stethoscope, or your friend's or your dog's. But it works equally well for picking up any sound being transmitted through a solid medium. Listen to the air flowing through the heating ducts, the water in the pipes, the sounds of machinery, the termites munching on the floor joists!! The color does vary so we will select from what's currently available. We've had blue, teal, red, black, burgundy, green and purple, but there may be other colors yet to be seen! A great discovery device whether for biology or other pursuits. Not of professional quality, but not just a toy.

Watch Out For Hotheads

Easy to do, and important these days. We've been pointing this non-contact infrared thermometers at just about every forehead we see. Reads in one second with a digital display in C or F. Measures body temps of 89.6 to 108.5 F (32.0 to 42.5 C) with a resolution of 0.18 F (0.1 C) and color changing backlit display to warn you when hot is too hot. Normal operating temperature (ambient air) range is 60.8 to 95 F (16.0 to 35.0 C), and the device should be held between 0.4" and 2" inches from those foreheads. Want to fry an egg on your car dash? Switch it over to surface mode to check, well, surface temps. Couldn't be easier to use, or more important in times like these. Plus, when this is all over, you'll never have to stick a thermometer under your tongue, or anywhere else, again. Approved by the FDA as soon as you add a pair of "AAA" batteries.

This 10-piece set of 1" cubes is made to test density in the classroom, and by all means you should do that. Otherwise, how will the children ever understand density? But we like to just play with the cubes, to set them on a desk, or stack them, or line them up, or make shapes out of them, or just pick them up and marvel at their weight differences. You get perfect cubes of aluminum, steel, brass, copper, acrylic, oak, nylon, pine, poplar and PVC.

Unfortunately, C.J., who has perfect pitch, tells us that his pitch is more perfect than most of the tuning forks. He also says you can file the tips, tuning them to an electronic keyboard until they're perfect – and we think there's a certain cachet to telling people you tuned the forks yourself. Giant Whether Balloon

If the question is whether to tie a bunch of these giant weather balloons to a lawn chair, the answer is no. (They burst at about 82,000 feet anyway.) Besides, this is a true weather balloon, with plenty of fun, nonfatal uses. The cream-colored latex balloon is approx 40" dia when flaccid, you should pardon the expression, but has an 8-foot dia when inflated. The neck is 9" long x 1" dia. Scientists, meteorologists, inventors, teachers and the imaginative filmmaker are warned to launch the balloon carefully. The material is delicate and not made to survive brushes with pavement, pine branches, or clumsy physics students.

A Real Grabber

Okay, it isn't the cheapest magnet in the warehouse - but we dragged John's 165 lb filing cabinet around the dock with this 4-7/8" x 1" x 3/4" ceramic magnet, we're rating it conservatively at 100 lbs of pull, and we think it's a bargain. It has a 6" bracket with mounting holes on 5-1/2" centers, plus a 1/2" ID eye-hook bolted into the center of it. It's all set to troll the bottom of the lake next time your filing cabinet falls overboard.

A Lot Of Pull

Pick up this 1-3/4" x 7/8" x 3/8" ceramic pick-up magnet while we still have it. It's in a heavy metal housing and has a stationary metal hoop, about 1/2" i.d., on top. The manufacturer tells us the magnet will grab up to 5 lbs of metal, however Pat and Magnet Testing Team #3 have repeatedly lifted 10+ lbs, so it's very strong. Especially if you're going to dangle it on the end of a cord to gather spilled nails or to fish your keys out of the lake/pond/sewer/drain!

Mystery Magnet

Beats us, frankly, but this black plastic cover, 1-3/4" x 1-1/2" x 1/4" (not unlike a tiny toilet seat cover) is hiding a really nice 1" dia x 1/8" (think: quarter size) plated neodymium magnet, with at least a 5-lb pull, inside. The mystery is that the cover won't open unless you break it. The magnet grabs fine in the case or out of it. Tap it on its side with a hammer to crack open the case and reveal nothing but magnet.

The Most Beauteous Cube

Rare Find!

Rare earth magnets are usually killers for their size, and these thick nickel neodymium discs are no exception. The price, on the other hand, for (3) 7/16" dia x 1/4" 5-lb lift or (2) 9/16" dia x 3/16" 8-lb lift magnets each stored on a 2" dia steel disc, is a rare exception.

There's A Hole In The Magnet

The 3/16" bore in the center of this small plated neodymium magnet just makes it easier to mount. Measures 3/4" dia x 1/4" thick with a pull of approx 7 lbs. Works great with #6 or #8 flat head screws.

Ceramic Reefers

Dandiest Donut in the Domain

Donut magnet you can take to town!! 74mm dia x 14mm thick with a 30mm hole. Very strong and well pedigreed - in fact, its kin are activating pacemakers. They are of a high permeability ferrite material with a lovely light blue or white epoxy coating. Okay, we have them because there is the odd bubble, slight scratches or the word MAGNET painted in the coating which ruled them out of the medical ball, but they're fine company nonetheless. Good display bases, paper clip traps, and super for classroom demos.

2823 Coated Donut Magnet \$3.95/each

Killer Magnet

Once upon a time, a copywriter put this little magnet next to his computer monitor and got really pretty, wavy, aurora-like effects. And then got a new monitor! Don't try this at home. Our shiny, silver-colored 1" x 1" x 1/2" neodymium magnet looks innocent, but is industrial strength, pulling something like 25 lbs with enough strength left over to erase all your credit cards. And wreak havoc with your monitor.

38694 Killer Magnet \$14.50/each

Sticky Bar Of Silver

This plated N45 neodymium magnet is shaped like a miniature silver ingot, measuring 1-1/2" long x 1/2" wide x 1/4" thick. Has a big hang-onability quotient, which the manufacturer claims is 26 lbs of pull, meaning it's probably closer to 20 lbs. Impressive either way.

95659 Neodymium Bar Magnet \$4.85/each

Neodymium Column

We're liking this little plated N45 neodymium magnet because it will stand on end and stick out very prettily on the ice box. Measures 1" tall x 1/4" square with a hefty, for its size, 20 lb pull. (Will also lie down on its side, of course, because everybody does.)

95658 Columnar Magnet \$2.95/each

Ceramic Power

Ceramic magnets can be quite powerful and have excellent resistance to demagnetization. These rectangular ones are no exception. Add the power of surplus and we'll give you these mighty-mites for bargain prices. This 3-lb-pull guy is 1-7/8" x 7/8" x 3/8" thick, for mounting bigger pix, we figure.

10584 3-lb Ceramic Mag \$3.25/pkg(2)

Bear With Us

We think of these as industrial worry beads, but they're really 5/16" dia (8mm) steel ball bearings, ready to be put to whatever ball-bearing uses you might have. Our each is a pack of (50), which should cover a lot of worries, and whatever else you can come up with. **⚠WARNING:** CHOKING HAZARD-Small Parts. Not for children under 3 yrs.

95315 Ball Bearings \$2.75/each

Excellent Electromagnet

Physics project alert! This robust puppy of a magnet has dual 6V coils and stands 4" high x 3-1/4" wide, not counting the side terminals. Each coil draws 2.4A at 6VDC, and is conservatively rated for 40 Newtons (approx 9 lbs) at that voltage. Can be wired in either parallel or series, and comes with a mounting hook. Works great with a 6-volt lantern battery.

93088 Electromagnet \$20.95/each

The Bigger Bungee

Mega-bungee cords. Just the ticket for tying down motorcycles, refrigerators, or large marsupials. (Tie your kangaroo down, boys!) Our each is a package of (10) of these monsters, approx 1/2" dia x 6-feet long, in black with green accents (colors may change), with 1" x 2-1/2" hooks on both ends. According to the manufacturer, these will stretch to double their length, 144", but you may want to keep it under that just to be safe. That's almost 8-LBS of bungees and just under two bucks a piece. Outstanding!

93107 Bungee Cord 10-Pack \$18.50/each

It's Just A Big Cover-Up

This multi-use, all-purpose, tear-resistant, all-weather generally handy blue tarp is for covering up stuff. Measures 7 x 5 feet in .0085 thick plastic (polyethylene) with rust-proof aluminum grommets and a 1/16" poly rope inside the hem to give it extra stability. Also makes a nice lean-to or an ugly raincoat.

47139 Blue Tarp \$3.95/each

Odd Oblongs

Pure surplus: 11" x 4" x 1/4" thick oblongs (which is to say, rectangles with rounded ends) of dense, black nitrile rubber. It's like padding, matte on one surface and glossy on the other. Great for dampening vibration, or wherever you need cushioning. Ready to use as is, and ready to cut to shape.

45993 Nitrile Rubber Pads \$5.75/pkg(2)

Sheet-Metal Worker Alert

Thin-sheet-metal workers, that is. As in crafter/jeweler/model-maker types. You get a 3-pack of very nice, bendable, metal foil sheets, 5" x 7" x .005" thick, (1) each in copper, brass and aluminum.

85058 Metal Sheets \$6.69/each

Mood Sheet

See psychedelic patterns the safe way! Press your hand on this 6" x 6" sheet of liquid crystal and leave a print of swirling colors that, like the mood ring of yore, you can use as a sign of your mood. The pattern will blend and fade in seconds as the crystals react to temperature. Tiny liquid crystals inside the film-like material react to heat by changing colors. As science, it demonstrates the way liquid crystal displays work.

91582 Liquid Crystal Sheet \$11.95/each

Random Bandanarama

These are all 21" square cotton/poly blend factory-second bandanas. A few are unhemmed on one side and a little off center, but generally we can't see why they were seconded. Most are traditional paisley designs in assorted colors, but others are novelty versions in USA and Texas flag looks, camo, smiley faces, dog paw prints and others. It'll be a nice change not to know exactly what you're getting, won't it? Buy 'em at the bulk price and resell them. Start your side hustle now!

46128 Bandanas \$3.95/pkg(2)

Fishnets

Not fishnet stockings, but netting for actual fish, direct from the U.S. Army (you'd think Navy, wouldn't you?) in olive drab. It's a survival thing. You get a 10-foot x 5-foot net made of 3/4" squares individually knotted from twisted cotton/nylon, so the net won't unravel if torn.

Might have a slightly musty aroma (but definitely not fishy) that a little sunshine time will fix. Great for maritime-theme decoration, bible-camp plays (filled until breaking, walking-on-water background prop...) or, we suppose, fishing. And perfect if you want to go to a costume party as Poseidon.

39763 Army Fishnet \$19.95/each

Little Bitty Filter

This small stainless steel fine-mesh filter is 2" dia x 1-1/2" tall. It has fine mesh sides, a solid plastic bottom and slight lip around the top. Nice for small filtering jobs, but would also make a passable basket for a gerbil hoops game.

95324 100 Feet Tactical Cord \$7.50/each

The balsa bag weighs almost 3/4 of a pound, and is a random assortment of balsa that may range from 1/8" square strips to a 5" long x 2" square hunk, and lots in between. The basswood may have half a dozen 5" long x 2" square pieces, 8" x 3" sheets, and a whole bunch of 1/16" to 1/8" strips. Whatever the variety of sizes, either bag will total approx 72 cubic inches in all, which is more than it sounds like.

92910 Bag of Balsa \$15.95/each

92911 Bag of Basswood \$9.95/each

Buckskin Laces?

More likely cowskin, but who ever says that? Leather, anyway. Our each is a package of (10) leather cords, 3/16" x 1/16" x approx 48"-70" long, ready for your frontier craft needs, or for lacing up your boots. Also dandy for cowboy key chains.

96758 Leather Laces \$7.25/each

Soft Hunks

That's not an oxymoron—soft hunks—but a description of actual 8" x 5-3/8" x 3/16" thick slabs of black neoprene. Mouse pads, case liners for electronics, furniture-saving pads for lamps and vases, mattresses for gerbil habitats, you decide.

45994 Neoprene Pads \$4.95/pkg(3)

Our sample was (6) sheets, 6" long x 2" to 3" wide, some at 1/8" and some at 3/16". Perfect for custom-made dollhouse doors!

93818 Thin Plywood \$9.95/each

Skinny Paracord

Micro tactical cord measures .046" (1.18mm) dia on 125-foot spools. Made in the USA by Atwood Rope Mfg., it's UV and rot resistant with a 100-lb test strength. Lotsa solid and blended colors and we'll just grab (3) different-colored spools for you to save you the trip to our warehouse.

95325 125 Feet. Paracord \$14.75/pkg(3)

Gnat Hat

Gnats and mosquitoes will never get a taste of you when you're in your brand-new, olive-green, military hat/insect net. An elastic headband inside it keeps the nylon top snug to your head (or your helmet). Below it, an approx 12" dia spring-steel hoop holds the fine netting away from your face. Close it at the bottom with a drawstring and (the Army thinks of everything, and apparently won't tolerate you running around a buggy jungle in a tee shirt) attach its (2) elastic hooks to your breast-pocket buttons. About 20" top to bottom and quite snazzy, we think.

35561 Insect Headnet \$9.95/each

What's Ammunition In Chinese?

Couldn't tell you, but it's what soldiers put in this bandolier from the Chinese military. 47372 Chinese Bandolier \$12.50/each

Rubberized Convert-a-bag

Measure 24" x 15-1/2" x 5-1/2" but have a set of double-snap male closures with (3) alternate sets of female clips so you can keep it full length, fold it once, or roll it up to 1/3-size. 46673 Folding Bag \$14.50/each

Hey Sailor, Nice Hat!

From the U.S. Navy stock of unused Gob hats (no, we don't know where that name comes from) or more familiarly "dixie cups," in white cotton twill. We'll pick from sizes 7 through 8-1/2 if you're going for the Cracker Jack look, but if you turn the sides down like Gilligan, one size fits every noggin. Upright, it should be squared up for authenticity. Group discount available for drama teachers staging South Pacific.

That's where these military overseas caps started out, on Deutsch köpfe. We'll pick a pair in (2) different sizes 58-63, which is approx 7-1/4 to 7-7/8 on American heads, but the envelope design gives them some size leeway.

I Will Survive...

You will survive, too, just like Gloria Gaynor, and in the woods, even. But only if you have this U.S. Army manual, cleverly titled: SURVIVAL, Department of the Army Field Manual FM21-76. It's 287 heavily illustrated pages of techniques for staying alive (add your own BeeGee jokes here) including orientation; food & cooking; fire- and shelter-making; rafts; animal, insect and plant recognition; and much more. This is the 1970 edition, but staying alive in the woods hasn't changed a whole lot since then. In soft-cover.

In 1958, Buddy Holly came out of radios like these. This retro version of the first transistor radios measures 4-1/4" x 2-1/2" x 1" in dark blue with a wire handle that doubles as an antenna. AM works better than the FM, but who listened to FM in 1958? Plenty loud (guaranteed to not fade away) with classic thumb-wheel tuning and volume. You add a pair of "AAA" batteries. To make things even more like 1958, carry the radio in your shirt pocket.

Buds On A Wire

Did you know that 43% of all wireless ear buds are dropped someplace where you have to get help from angry subway employees to retrieve them? The other 57% are dropped where you'll never see them again. The answer to this problem? Wires. Like the 40" black wire (call it a cord) that comes attached to these stereo ear buds. Include a covered case that the cord wraps around, and (3) sets of silicone covers in small (white), medium (blue), and large (black) to fit your own personal earholes.

You Strapped?

Wouldn't you rather hear that than "Is that a cell phone in your pocket...?" Yes, you would, and you will if you strap on this green camo phone holster. Made to strap (we like saying that) to your leg above your knee, like Wyatt Earp's Colt (or any number of the army surplus gas masks we sell), but you can also attach it to your arm or some other handy body part because the two straps extend from 15" to 27" and 10" to 13". The water resistant holster is 7" x 6" with a 5" zipper, and the phone is operable in situ, as it were, through the transparent protective covering. Manufacturer calls it a "Hunter's Phone Holster," but don't let that stop you from wearing it around the neighborhood. Also adaptable, we think, to small dogs.

This all-purpose scissors is the favorite of everyone at A.S.&S.: Pat uses his to cut and strip wire. C.J. uses his to slit the tape on packages. Mary Ann uses hers to open bags of pretzels. The Penny Cutters

These are the so-called miracle shears. They were designed for use by paramedics and others needing quickly to cut wire, light sheet metal, or other tough stuff that might stand between them and their quarry. They are normally demonstrated cutting a penny in two. Which they will do. But not as a steady diet. Let's dispel a few myths. While these are Pakistani stainless, we're not talking any miracles in manufacturing. They are good for their purpose, and real handy to have in the old tool box. But their purpose isn't making pennies into 5-mil pieces, and you will twist or break them at about the same time you find out that you've done the same thing to U.S. laws! For sheet metal or wire or fishing leaders or tin cans or whatever, be our guests.

6389 Penny Cutting Scissors \$2.25/each

Perfect for clipping newsprint, cutting wrapping paper, and opening deviously sealed packaging, including the heavy stuff if you press a bit. Even CD cases. The krazy part? Won't cut your fingers or anything else. You could run it right over your hand, press down and everything, and nothing. Really. We tried it on some expendable employees. You know what this means? You can take it on airplanes, which further means that when you get to the coast you'll actually be able to open all the packages full of the stuff you sent ahead.
